

SHREYA KHARADE

SOFTWARE DEVELOPER

Pune, Maharashtra, India | 7385836170 | shreya.kharade24@gmail.com | [LinkedIn](#) | [LeetCode](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Final-year Computer Engineering student specializing in Java-based, full-stack software development — from designing database schemas to building and integrating REST APIs. Strong foundation in Core Java, Advanced Java, Java 8 features, JDBC, SQL, HTML5, and CSS3, demonstrated through 110+ solved Data Structures & Algorithms problems on LeetCode and three full-stack projects built independently, end to end. Clear communicator and collaborative team player with a track record of coordinating college-level events; focused on writing clean, scalable, and secure code.

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript, HTML5, CSS3

Technologies: Core Java, JDBC, Spring Boot, REST API Development, Full-Stack Development

Databases: MySQL, MongoDB — Database Schema Design

Tools: Git, GitHub, IntelliJ IDEA, Postman

Core CS: Object-Oriented Programming (OOP), Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

EDUCATION

Bachelor of Engineering, Computer Science

2023 – 2027

Pimpri Chinchwad College of Engineering, Pune • CGPA: 9.34 / 10.00

Higher Secondary (12th)

2021 – 2023

Vidya Valley North Point, Pune • 76.8%

Secondary (10th)

2020 – 2021

Blossom Public School, Pune • 92.8%

PROJECTS

Bank Management System — Role-Based Banking Platform

2024

Tech Stack: Java, JDBC, MySQL

- Built a Java-based bank management system with role-based authentication for Admin, Employee, and Customer users.
- Engineered core banking operations, including account management, deposits, withdrawals, fund transfers, and transaction tracking.
- Delivered a professional dashboard with search, reporting, input validation, and audit logging.
- Added PDF/Excel statement generation for exportable account and transaction reports.

UniHeal — Mental Health Support System

2025

Tech Stack: MongoDB, Express.js, React.js, Node.js

- Created a platform providing mental health support and counseling resources for students.
- Integrated an AI-powered first-aid chatbot via API calls to guide users in real time.
- Configured appointment booking with role-based access control.
- Established an admin dashboard for managing users and resources.

CERTIFICATIONS

Java Development • SQL • MERN Stack Development

ACHIEVEMENTS

- Solved 110+ Data Structures & Algorithms problems on LeetCode using Java.
- Maintained a CGPA above 9.0 throughout the engineering program.
- Successfully coordinated multiple technical and cultural events at the college level.

SOFT SKILLS

Clear Communication • Leadership • Problem-Solving • Adaptability
